

**This comes as a *VERY APPRECIATIVE THANK YOU*, to you all, from the Committee and Members of our Bay and Basin Music Club.**

**We were absolutely delighted with the whole afternoon. A number of friends from our local Lydian Singers who came, also spoke very warmly about the afternoon ... they were impressed. Another friend has had a lot of stage work and was complimentary as to the presentation and how it all flowed so smoothly.....that is very comforting to an audience.**

**Rachel and Mavis are both lovely pianists.....their playing throuout, and the duet, were spoken of and the talent of Bernice and Kaine was obvious and they were wonderfully received.**

**People also commented about the nice way each item was presented by Daniel, with a little of the history etc. It made it so much more interesting.**

**John, you do a great job in getting these programmes together. I expect the challenge is 'what to leave out of all the wealth of beautiful music the world has on offer'. Sunday's programme was a great hit. It is nice that Rachel shares some of the conducting with you.**

**You heard the murmer when I told the audience at the end that you had given a concert the night before in Yass. They, mostly being in the same age bracket, really were amazed at your resilience.**

**I have contacted the Entertainment Centre, saying how much you enjoyed using their venue. It was a first for our club as well.**

I hope Alan felt happy about the outcome of his recording, and that it can be used successfully. Also, I am pleased the lights were able to be turned up in the second half. It certainly is nice for the choir to be able to see who they are singing to.....that is, when they are not supposed to be watching the conductor !

It was so nice for Anne and me personally to meet those with whom we had spoken on the 'phone, or been in contact with by email.

Our Music Club wishes you all great success for the future.
